PETITION TO WITHDRAW APPLICATION FROM ISSUE - ISSUE FEE PAID  
UNDER 37 C.F.R. § 1.313(c)

Applicants respectfully request the above-identified  
application be withdrawn from issue. The issue fee was  
submitted to the U.S. Patent and Trademark Office on June 14,  
2006.

The two patents (U.S. 5,645,081 and U.S. 5,636,643) from  
which the instant application claims priority have been  
involved in a lengthy litigation in which a jury verdict has  
now been entered. During the course of the litigation  
additional material came to light that Applicants wish to put  
before the USPTO. Accordingly, this Petition to Withdraw  
Application From Issue is accompanied by a Request for  
Continued Examination in compliance with 37 C.F.R. §1.114 and

an Information Disclosure Statement(IDS) along with fees under 1.17(h) and 1.17(e).

Even though the jury found that all asserted claims of the '081 and '643 patents were valid over the material submitted in the accompanying IDS, out of an abundance of caution, the IDS filed herewith contains the charge to the jury and all of the materials, not already of record, that the jury was instructed to consider in assessing the validity of the asserted claims of the '081 and '643 patents. Hence, Applicants respectfully petition that the instant application be withdrawn from issue so that the Examiner may consider the additional enclosed material in the instant application. Applicants will also be filing additional IDS materials in the near future.

In the event that any additional fee is required in connection with this submission and not enclosed, the Commissioner is authorized to charge Deposit Account No. 04-1406 of the undersigned attorneys. A duplicate copy of this sheet is enclosed.

Early and favorable consideration of this application is respectfully requested.

Respectfully submitted,  
DANN, DORFMAN, HERRELL AND SKILLMAN
